Perrott Hill School

Pupils' Acceptable Use Policy

I understand that to be safe when using computers and digital technology at school and at home I must follow these simple rules.

- I must have permission from my teacher or parent before using a computer or digital technology.

- I will only click on icons which I have been taught about and if I know what they do.

- I will tell a teacher, parent or trusted adult if I see something scary.

Parental Section

I have read, understood and explained the Acceptable Use Policy to my child. I understand that they have received, or will receive, e-safety education to help them understand the importance of safe use of IT – both in and out of school.

I understand that the school will take every reasonable precaution, through the use of monitoring and filtering systems, to ensure that all pupils will be safe when they use the internet and IT network. I also understand that the school cannot be held ultimately responsible for the nature and content of materials accessed on the internet.

I understand that my child's activity on the IT network will be monitored and that the school will contact me if they have concerns about any possible breaches of the above Acceptable Use Policy.

I will encourage my child to adopt safe use of the internet and digital technologies at home and will inform the school if I have concerns over my child's e-safety.

Name of child (please print): ……………………………………………..…

Name of parent (please print): ………………………………………………

Signature of parent: ………………………………………………………..

Date: ………………………………………………………………………....

Child's Section

This policy has been discussed with me and I feel the following (please colour in the most appropriate face).

I understand all of it.

I understand some or none of it.

If your child has coloured in the 'I understand some or none of it' they will not be left unaccompanied on the computer.
