

Boarding Mission Statement

Perrott Hill boarding is a nurturing environment where the boarders are safely cared for by a supportive team of dedicated staff. It really has the special 'home from home' appeal.

This is derived from the creation of a strong, family community with British values and where each individual boarder's needs are met.

We hope boarders at Perrott Hill find fun and happiness at the heart of the experience so that they become confident, independent and resilient individuals who are ready for their senior school life and beyond.
